

# Tour Historic Flagler w/ Traditional High Tea April 10, 2019 ~ \$99

Whitehall was the winter home of Henry Flagler, a leading figure of America's Gilded Age. He built this 100,000 sq ft mansion as a wedding present to his wife; it was completed in 1902. We will have a docent led tour of the first floor of the Flagler Museum (Whitehall). After our tour, we will enjoy an afternoon tea which has an array of delicacies and refreshments reminiscent of the Gilded Age. You will enjoy a selection of gourmet sandwiches, traditional scones, and sweet complimented by the museum's own special blend of tea, all served on exquisite Whitehall china. When you are done with your lunch, feel free to tour the 2nd floor on your own.
